EcoSavers®
Countdown Timer

The EcoSavers® Countdown Timer helps you to save energy in a simple and easy way.

You can select the requested timeframes 15 minutes - 30 minutes - 1 hour - 2 hour -4 hours both for switching electricity off and on.

Want to charge the battery of your laptop knowing it will be fully charged after 1,5 hour ? Just select 2 hours countdown time (switching off) and after 2 hours the electricity will be automatically cut off.
